

MEGATRAY™

LIGHT CURE CUSTOM TRAY MATERIAL

Megatray™ is a light cure tray material supplied in economical prefabricated sheets— eliminating mixing and mess.

Megatray™ features good working time along with excellent malleability and adaptation to model. Easy trimming characteristics reduce error as well as effort.

Megatray™ is odorless and uniform in thickness with low shrinkage and exceptional strength.

Available in 2 colors and sizes. Each size includes 50 Trays per box.

2mm- Available in Blue and Pink

1.4mm- Available in Pink
